## AUDITORS' REPORT

Montreal Trust Company,  
Receiver and Manager  
of Atlantic Acceptance Corporation Limited:

We have examined the accompanying combined financial statements for 1966 (Exhibits 1, 2 and 3) of Atlantic Acceptance Corporation Limited - In Receivership.

### Scope of examination:

Except for Standard Discount Corporation Limited, our examination covered the assets and liabilities and income and expenses included in the combined financial statements of Atlantic Acceptance Corporation Limited - In Receivership and included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances. We have relied on the report of the auditors of Standard Discount Corporation Limited whose net assets comprise 3% of the net assets of \$91,136,405 shown in the Combined Statement of Deficiency in Net Assets as at December 31, 1966.

The primary purpose of our examination was to enable us to form an opinion on whether or not the Combined Statement of Deficiency in Net Assets as at December 31, 1966 fairly presents the financial position at that date of Atlantic Acceptance Corporation Limited - In Receivership and to report on the transactions recorded during the year then ended under the direction of the Receiver and Manager.

### Combined Statement of Deficiency in Net Assets as at December 31, 1966 (Exhibit 1):

Atlantic Acceptance Corporation Limited has been in receivership since June 17, 1965 and its business and assets are in the process of liquidation. As a consequence, the assets shown in the Combined Statement of Deficiency in Net Assets are stated at estimated realizable values. Because of the uncertainties in determining the estimated realizable value of certain important assets, which are referred to below, we are unable to express an opinion on the Combined Statement of Deficiency in Net Assets as a whole.

However, in our opinion, cash (\$1,681,305, subject to the comment concerning bank deposits of \$966,109 in Note 2 to the combined financial statements), short-term investments (\$52,803,738), income taxes recoverable and miscellaneous accounts receivable (\$807,326), prepaid expenses (\$22,543), 6% Capital Notes of General Acceptance Corporation (\$12,591,140), and fixed assets (\$53,933) are fairly presented in the Combined Statement of Deficiency in Net Assets. Our comments on the other assets shown in the statement are as follows:

We consider that the estimated realizable value of instalment notes and accounts receivable (\$4,955,511) and the estimated amounts due in respect of sale of interest in former subsidiary companies (\$8,000,787) as referred to in Note 3 to the combined financial statements have been carefully determined in the light of current conditions. However, because of the uncertainties arising from the liquidation of the accounts and other net assets, the actual amount realized may be greater or less than the estimated value recorded in the accounts.

The investment made by the Receiver and Manager in Lucayan Beach Hotel and Development Limited through shares, debentures and advances totals \$10,110,376 (Note 5 to the combined financial statements). We have been unable to form an opinion as to the amount which may be realized from this investment.

The shares of Great Northern Capital Corporation Limited are carried at a value of \$700,000 (Note 7 to the combined financial statements). This value exceeds the indicated market value at May 31, 1967 by approximately \$420,000.

We are also of the opinion that the liabilities are fairly presented in the Combined Statement of Deficiency in Net Assets except that:

Full provision has not been made for the compensation of the Receiver and Manager (Note 8 to the combined financial statements).

Litigation is pending which seeks to establish that senior notes issued after June 30, 1964 are not entitled to the security of the Senior Note indenture (Note 13 to the combined financial statements). The Combined Statement of Deficiency in Net Assets has been drawn up on the basis that the senior debt of \$121,793,855 is entitled to the security of the indenture.

Combined Statement of Deficit as at June 17, 1965, the date when the company went into receivership, as adjusted to December 31, 1966 (Exhibit 2):

---

We have reviewed the adjustments made during the year ended December 31, 1966 by the Receiver and Manager relating to the assets and liabilities as at June 17, 1965 as set out in the Combined Statement of Deficit as at June 17, 1965, and consider them necessary in order to state the net assets at their estimated realizable value at December 31, 1966.

Combined Statement of Deficit for the period  
from June 18, 1965 to December 31, 1966,  
while the operations of the companies were  
under the control of the Receiver and Manager  
(Exhibit 2),

and

Combined Statement of Loss for the year ended  
December 31, 1966 (Exhibit 3):

Except that no provision has been made for the operating loss of the unconsolidated subsidiary company, Lucayan Beach Hotel and Development Limited (Note 5 to the combined financial statements), in our opinion the Combined Statement of Loss for the year ended December 31, 1966 presents fairly the combined income and expenses arising during the year from the net assets under the control of the Receiver and Manager, and the Combined Statement of Deficit for the period from June 18, 1965 to December 31, 1966 presents fairly the cumulative results of operations during that period.

ATLANTIC ACCEPTANCE CORPORATION LIMITED - IN RECEIVERSHIP

(MONTREAL TRUST COMPANY - RECEIVER AND MANAGER)

NOTES TO COMBINED FINANCIAL STATEMENTS  
DECEMBER 31, 1966

1. Basis of preparation of combined financial statements:

The accompanying Combined Statement of Deficiency in Net Assets as at December 31, 1966 (Exhibit 1) includes:

- (a) the assets under the direct control of the Receiver and Manager originating from Atlantic Acceptance Corporation Limited and The Premier Finance Corporation Limited, both of which are in receivership, and
- (b) the assets of the following subsidiaries which are not in receivership but are under the control of the Receiver and Manager:

Adelaide Acceptance Limited  
Atlantic Acceptance (Toronto) Limited  
Commodore Factors Limited  
Concourse Agencies Limited  
Pay As You Study Plan Limited  
Standard Discount Corporation Limited.

The financial statements of Lucayan Beach Hotel and Development Limited, a 91.4% owned subsidiary, have not been combined with those of Atlantic Acceptance because Lucayan's operations are different and unrelated to those of the other companies in the group. For information concerning Lucayan, reference should be made to the audited financial statements of that company as at September 30, 1966 and to Note 5.

The assets in the combined financial statements are stated at estimated realizable values and there has been deducted therefrom the liabilities of the Receiver and Manager, in respect of the two receiverships, and also the liabilities of the above subsidiaries not in receivership, to arrive at the estimated realizable value of net assets under the control of the Receiver and Manager which are available for creditors as of June 17, 1965.

The Combined Statement of Deficit as at June 17, 1965 (Exhibit 2) reflects the results of operations to June 17, 1965 with subsequent adjustments to December 31, 1966 primarily to adjust the assets and liabilities at June 17, 1965 to their estimated realizable values, and the Combined Statement of Deficit for the period from June 18, 1965 to December 31, 1966 (Exhibit 2) reflects the cumulative results of operations carried out by or under the direction of the Receiver and Manager, in respect of the assets of the companies in the Atlantic group (including the results of operations of former subsidiaries to the dates of sale thereof) during that period.

The results of operations for the year ended December 31, 1966 are set out in the Combined Statement of Loss (Exhibit 3).

In combining the financial statements as described above, all inter-group assets and liabilities and income and expenses have been eliminated.

In the attached statements, all balances are stated in Canadian dollars, with translations into Canadian dollars at the rate of exchange as at December 31, 1966.

2. Cash:

Cash includes \$497,273 held temporarily in trust by Montreal Trust Company pending reinvestment in short-term securities, and bank deposits of \$966,109 which were seized on June 17, 1965 by the depositaries. The banks have claimed a right to offset these deposits against bank advances and short-term notes which form part of the senior debt of the company.

3. Estimated amounts due in respect of sale of interest in former subsidiary companies:

Since the date of receivership, the Receiver and Manager has sold the shares of two wholly-owned subsidiary companies, and the following amounts are due as at December 31, 1966 in respect of the sale of the interest in these companies:

Balance of consideration due from General Acceptance Corporation in respect of the sale of interest in Atlantic Finance Corporation Limited, equal to the estimated realizable value of certain notes receivable and other net assets as at December 31, 1966	\$1,918,757
Due from Great Northern Capital Corporation Limited, representing the estimated realizable value of the remaining net assets of Commodore Sales Acceptance Limited as at December 31, 1966	<u>6,082,030</u>
	<u>\$8,000,787</u>

4. Income taxes recoverable and miscellaneous accounts receivable:

Income taxes recoverable and miscellaneous accounts receivable include the following amounts:

Income taxes recoverable, mainly in respect of the year ended December 31, 1964 recoverable as a result of losses in 1965	\$ 576,719
Proceeds from life insurance policies	100,800
Other	129,807
	<u>\$ 807,326</u>

5. Lucayan Beach Hotel and Development Limited:

The Receiver and Manager acquired control of Lucayan in 1965 by purchasing 61.4% of the outstanding shares of that company and second mortgage debentures of the face value of U.S. \$1,200,000, for an aggregate consideration of \$3,660,718. Approximately 30% of the remainder of the outstanding shares of Lucayan and second mortgage debentures of the face value of U.S. \$1,200,000 are also held as collateral for loans made by a former subsidiary, Commodore Sales Acceptance Limited.

The Receiver and Manager also made advances to Lucayan totalling \$6,449,658 to December 31, 1966 to assist it in meeting its current obligations. The security for these advances is to be a floating charge debenture covering all of the assets of the company.

The audited financial statements of Lucayan as at September 30, 1966 indicate an underlying equity at book value in excess of \$10,110,376, the aggregate investment in Lucayan.

No provision has been made for the company's share (approximately \$1,024,000) of the loss of Lucayan for the nine months to its fiscal year ended on September 30, 1966.

6. 6% Capital Notes of General Acceptance Corporation:

In September 1966 the Receiver and Manager entered into agreements providing for the sale without recourse of instalment notes and accounts receivable of Atlantic Acceptance Corporation Limited as of June 30, 1966 for \$12,427,511, and for the purchase of an equal amount of 6% Capital Notes of General Acceptance Corporation due October 1, 1970. Under the terms of the latter agreement, General Acceptance Corporation will prepay without premium \$4,000,000 on October 1, 1967, \$3,500,000 on October 1, 1968 and \$2,500,000 on October 1, 1969, and pay the balance of \$2,427,511 on October 1, 1970.

7. Shares of Great Northern Capital Corporation Limited:

On the sale of the shares of Commodore Sales Acceptance Limited (a former wholly-owned subsidiary company) in December 1965, the company acquired 200,000 shares of Great Northern Capital Corporation Limited and under the terms of the sale agreement, a value of \$700,000 (or \$3.50 per share) was placed on these shares. The shares of Great Northern, which are traded on the Toronto Stock Exchange, had a quoted market value of \$450,000 on December 31, 1966 and \$280,000 on May 31, 1967.

8. Compensation of the Receiver and Manager:

An initial interim award of compensation in the amount of \$1,750,000 was paid to the Receiver and Manager upon approval by the Court in December 1966. No provision has been made for any further compensation to the Receiver and Manager.

9. Senior debt:

The senior debt of the company, which became due and payable upon the default under the Senior Note indenture in June 1965, is secured by an assignment of notes receivable and by a first floating charge on the assets of the company. Pursuant to an order of the Court the action is being defended by Montreal Trust Company, the trustee under the Senior Note Indenture, and by certain representative holders of senior notes in the series and classes of senior notes impugned.

14. Events subsequent to December 31, 1966:

In June 1967, the Court approved agreements entered into by the Receiver and Manager providing for the sale of the shares of Standard Discount Corporation Limited, and the settlement of the indebtedness of Standard Discount to Atlantic Acceptance and to Premier Finance over a two-year period. No further loss is expected to arise from the liquidation of the investment in Standard Discount.

Montreal Trust Company,  
Receiver and Manager  
of Atlantic Acceptance Corporation Limited:

We have examined the Statement of Deficiency in Net Assets of Atlantic Acceptance Corporation Limited - In Receivership (as a corporation) as at December 31, 1966, the Statement of Deficit as at June 17, 1965 as adjusted to December 31, 1966, the Statement of Deficit for the period from June 18, 1965 to December 31, 1966 and the Statement of Loss for the year ended December 31, 1966.

### Scope of examination:

Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

The primary purpose of our examination was to enable us to form an opinion on whether or not the Statement of Deficiency in Net Assets as at December 31, 1966 fairly presents the financial position at that date of Atlantic Acceptance Corporation Limited - In Receivership (as a corporation) and to report on the transactions recorded during the year then ended under the direction of the Receiver and Manager.

### Statement of Deficiency in Net Assets as at December 31, 1966 (Exhibit 1):

Atlantic Acceptance Corporation Limited has been in receivership since June 17, 1965 and its business and assets are in the process of liquidation. As a consequence, the assets shown in the Statement of Deficiency in Net Assets are stated at estimated realizable values. Because of the uncertainties in determining the estimated realizable value of certain important assets, which are referred to below, we are unable to express an opinion on the Statement of Deficiency in Net Assets as a whole.

However, in our opinion, cash (\$1,650,647, subject to the comment concerning bank deposits of \$966,109 in Note 2 to the financial statements), short-term investments (\$52,803,738), income taxes recoverable and miscellaneous accounts receivable (\$678,703), prepaid expenses (\$755), and 6% Capital Notes of General Acceptance Corporation (\$12,591,140) are fairly presented in the Statement of Deficiency in Net Assets. Our comments on the other assets shown in the statement are as follows:

We consider that the estimated amounts due in respect of sale of interest in former subsidiary companies (\$8,000,787) as referred to in Note 3 to the financial statements have been carefully estimated in the light of current conditions. However, because of the uncertainties arising from the liquidation of the accounts and other net assets, the actual amount realized may be greater or less than the estimated value recorded in the accounts.

The advances to wholly-owned subsidiary companies in the amount of \$4,534,886 and the estimated equity in assets held by the Receiver and Manager arising from the receivership of The Premier Finance Corporation Limited in the amount of \$243,742 are stated at the estimated realizable value of the underlying assets, most of which consist of notes and accounts receivable whose value on liquidation is subject to the uncertainties mentioned above. In estimating the realizable values of the underlying assets of one of the wholly-owned subsidiaries, Standard Discount Corporation Limited, we have relied on the accounts of that company as reported on by other auditors. The net assets of Standard Discount are approximately 3% of the estimated realizable value of the net assets of \$91,136,405 shown in the Statement of Deficiency in Net Assets.

The investment made by the Receiver and Manager in Lucayan Beach Hotel and Development Limited through shares, debentures and advances totals \$10,110,376 (Note 5 to the financial statements). We have been unable to form an opinion as to the amount which may be realized from the investment.

The shares of Great Northern Capital Corporation Limited are carried at a value of \$700,000 (Note 7 to the financial statements). This value exceeds the indicated market value at May 31, 1967 by approximately \$420,000.

We are also of the opinion that the liabilities are fairly presented in the Statement of Deficiency in Net Assets except that:

Full provision has not been made for the compensation of the Receiver and Manager (Note 8 to the financial statements).

Litigation is pending which seeks to establish that senior notes issued after June 30, 1964 are not entitled to the security of the Senior Note indenture (Note 13 to the financial statements). The Statement of Deficiency in Net Assets has been drawn up on the basis that the senior debt of \$121,793,855 is entitled to the security of the indenture.

Statement of Deficit as at June 17, 1965,  
the date when the company went into  
receivership, as adjusted to December 31,  
1966 (Exhibit 2):

---

We have reviewed the adjustments made during the year ended December 31, 1966 by the Receiver and Manager relating to the assets and liabilities as at June 17, 1965 as set out in the Statement of Deficit as at June 17, 1965, and consider them necessary in order to state the net assets at their estimated realizable value at December 31, 1966.

Statement of Deficit for the period from  
June 18, 1965 to December 31, 1966,  
while the operations of the company  
were under the control of the Receiver  
and Manager (Exhibit 2),

and

Statement of Loss for the year ended  
December 31, 1966 (Exhibit 3):

---

Except that no provision has been made for the operating loss of Lucayan Beach Hotel and Development Limited (Note 5 to the financial statements), in our opinion the Statement of Loss for the year ended December 31, 1966 presents fairly the income and expenses arising during the year from the net assets under the control of the Receiver and Manager, and the Statement of Deficit for the period from June 18, 1965 to December 31, 1966 presents fairly the cumulative results of operations during that period.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 1966

1. Basis of preparation of financial statements:

Atlantic Acceptance Corporation Limited has been in receivership since June 17, 1965 and its business and assets, and the business and assets of its wholly-owned subsidiaries, are being liquidated. As a consequence the assets in the financial statements are stated at estimated realizable values.

In the attached statements, all balances are stated in Canadian dollars with translations into Canadian dollars at the rate of exchange as at December 31, 1966.

2. Cash:

Cash includes \$497,273 held temporarily in trust by Montreal Trust Company pending reinvestment in short-term securities, and bank deposits of \$966,109 which were seized on June 17, 1965 by the depositaries. The banks have claimed a right to offset these deposits against bank advances and short-term notes which form part of the senior debt of the company.

3. Estimated amounts due in respect of sale of interest in former subsidiary companies:

Since the date of receivership, the Receiver and Manager has sold the shares of two wholly-owned subsidiary companies, and the following amounts are due as at December 31, 1966 in respect of the sale of the interest in these companies:

Balance of consideration due from General Acceptance Corporation in respect of the sale of interest in Atlantic Finance Corporation Limited, equal to the estimated realizable value of certain notes receivable and other net assets as at December 31, 1966	\$1,918,757
Due from Great Northern Capital Corporation Limited, representing the estimated realizable value of the remaining net assets of Commodore Sales Acceptance Limited as at December 31, 1966	<u>6,082,030</u>
	<u>\$8,000,787</u>

4. Income taxes recoverable and miscellaneous accounts receivable:

Income taxes recoverable and miscellaneous accounts receivable include the following amounts:

Income taxes recoverable, mainly in respect of the year ended December 31, 1964 recoverable as a result of losses in 1965	\$448,096
Proceeds from life insurance policies	100,800
Other	<u>129,807</u>
	<u>\$678,703</u>

5. Lucayan Beach Hotel and Development Limited:

The Receiver and Manager acquired control of Lucayan in 1965 by purchasing 61.4% of the outstanding shares of that company and second mortgage debentures of the face value of U.S. \$1,200,000, for an aggregate consideration of \$3,660,718. Approximately 30% of the remainder of the outstanding shares of Lucayan and second mortgage debentures of the face value of U.S. \$1,200,000 are also held as collateral for loans made by a former subsidiary, Commodore Sales Acceptance Limited.

The Receiver and Manager also made advances to Lucayan totalling \$6,449,658 to December 31, 1966 to assist it in meeting its current obligations. The security for these advances is to be a floating charge debenture covering all of the assets of the company.

The audited financial statements of Lucayan as at September 30, 1966 indicate an underlying equity at book value in excess of \$10,110,376, the aggregate investment in Lucayan.

No provision has been made for the company's share (approximately \$1,024,000) of the loss of Lucayan for the nine months to its fiscal year ended on September 30, 1966.

6. 6% Capital Notes of General Acceptance Corporation:

In September 1966 the Receiver and Manager entered into agreements providing for the sale without recourse of instalment notes and accounts receivable of the company as of June 30, 1966 for \$12,427,511, and for the purchase of an equal amount of 6% Capital Notes of General Acceptance Corporation due October 1, 1970. Under the terms of the latter agreement, General Acceptance Corporation will prepay without premium \$4,000,000 on October 1, 1967, \$3,500,000 on October 1, 1968 and \$2,500,000 on October 1, 1969, and pay the balance of \$2,427,511 on October 1, 1970.

7. Shares of Great Northern Capital Corporation Limited:

On the sale of the shares of Commodore Sales Acceptance Limited (a former wholly-owned subsidiary company) in December 1965, the company acquired 200,000 shares of Great Northern Capital Corporation Limited and under the terms of the sale agreement, a value of \$700,000 (or \$3.50 per share) was placed on these shares. The shares of Great Northern, which are traded on the Toronto Stock Exchange, had a quoted market value of \$450,000 on December 31, 1966 and \$280,000 on May 31, 1967.

8. Compensation of the Receiver and Manager:

An initial interim award of compensation in the amount of \$1,750,000 was paid to the Receiver and Manager upon approval by the Court in December 1966. No provision has been made for any further compensation to the Receiver and Manager.

9. Senior debt:

The senior debt of the company, which became due and payable upon the default under the Senior Note indenture in June 1965, is secured by an assignment

of notes receivable and by a first floating charge on the assets of the company.  
The senior debt consists of the following liabilities in Canadian and United States dollars:

12. Contingent liabilities:

The company is contingently liable under certain guarantees to the amount of approximately \$225,000. If the contingent liabilities should become actual liabilities these creditors would rank with other unsecured creditors.

13. Litigation:

An action is pending in the Supreme Court of Ontario whereunder Connecticut General Life Insurance Company, suing on behalf of itself and all other holders of senior notes issued in compliance with the terms of the Senior Note indenture, is seeking a declaration of the Court that the outstanding senior

notes Series O to Series R and the outstanding short-term and medium-term senior notes issued after June 30, 1964 were not issued in compliance with the terms of the Senior Note indenture and are not entitled to the security thereof. Pursuant to an order of the Court the action is being defended by Montreal Trust Company, the trustee under the Senior Note Indenture, and by certain representative holders of senior notes in the series and classes of senior notes impugned.

14. Events subsequent to December 31, 1966:

In June 1967, the Court approved agreements entered into by the Receiver and Manager providing for the sale of the shares of Standard Discount Corporation Limited, and the settlement of the indebtedness of Standard Discount to Atlantic Acceptance and to Premier Finance over a two-year period. No further loss is expected to arise from the liquidation of the investment in Standard Discount.

## AUDITORS' REPORT

Montreal Trust Company,  
Receiver and Manager  
of The Premier Finance Corporation Limited:

We have examined the Statement of Deficiency in Net Assets of The Premier Finance Corporation Limited - In Receivership (a wholly-owned subsidiary of Atlantic Acceptance Corporation Limited - In Receivership) as at December 31, 1966, the Statement of Deficit as at June 17, 1965 as adjusted to December 31, 1966, the Statement of Deficit for the period from June 18, 1965 to December 31, 1966 and the Statement of Loss for the year ended December 31, 1966. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

As explained in Note 1 to the financial statements, the company's property and assets were charged as security for the senior debt of Atlantic Acceptance Corporation Limited and are being liquidated in satisfaction of this charge. As a consequence, the assets are stated in the Statement of Deficiency in Net Assets at estimated realizable values.

The estimated realizable value of instalment notes and accounts receivable has been carefully determined in the light of current conditions. However, because of the uncertainties arising from the liquidation of the receivables, the actual amount realized may be greater or less than the estimated value recorded in the accounts (Note 2 to the financial statements).

Subject to the comments in the preceding paragraph, in our opinion the Statement of Deficiency in Net Assets presents fairly the financial position of the company as at December 31, 1966.

We have reviewed the adjustments made by the Receiver and Manager during the year ended December 31, 1966 relating to the assets as at June 17, 1965, as set out in the Statement of Deficit as at that date, and consider them necessary in order to state the assets at their estimated realizable value at December 31, 1966.

In our opinion the Statement of Loss for the year ended December 31, 1966 presents fairly the income and expenses arising in that period while the operations of the company were under the control of the Receiver and Manager, and the Statement of Deficit for the period from June 18, 1965 to December 31, 1966 presents fairly the cumulative results of operations during that period.

THE PREMIER FINANCE CORPORATION LIMITED - IN RECEIVERSHIP

(MONTREAL TRUST COMPANY - RECEIVER AND MANAGER)

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 1966

1. Basis of preparation of financial statements:

Atlantic Acceptance Corporation Limited has been in receivership since June 17, 1965, and this has enabled the Receiver and Manager of Atlantic Acceptance to control the operations of The Premier Finance Corporation Limited, a wholly-owned subsidiary, whose property and assets were charged as security for the senior debt of the parent company. The assets of Premier Finance, which are stated in the Statement of Deficiency in Net Assets at estimated realizable values, are being liquidated in satisfaction of this charge.

To assist in orderly liquidation, Montreal Trust Company was appointed Receiver and Manager of Premier Finance on July 29, 1965 under an order issued by the Supreme Court of Ontario.

2. Instalment notes and accounts receivable:

The receivables are represented by promissory notes secured, in some cases, by conditional sales contracts, chattel mortgages or other commercial paper and every effort is being made to collect the outstanding receivables as they fall due.

The estimated realizable value of the receivables has been arrived at after making an allowance for losses which may be sustained on realization of the accounts. This allowance may be greater or less than the amount which might ultimately be required to provide for the losses from bad debts.

## AUDITORS' REPORT

Montreal Trust Company,  
Receiver and Manager  
of Atlantic Acceptance Corporation Limited:

We have examined the Balance Sheet of Adelaide Acceptance Limited (a wholly-owned subsidiary of Atlantic Acceptance Corporation Limited - In Receivership) as at December 31, 1966, the Statement of Deficit as at June 17, 1965 as adjusted to December 31, 1966, the Statement of Deficit for the period from June 18, 1965 to December 31, 1966 and the Statement of Loss for the year ended December 31, 1966. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

As explained in Note 1 to the financial statements, the company's property and assets were charged as security for the senior debt of Atlantic Acceptance Corporation Limited and are being liquidated in satisfaction of this charge. As a consequence, the assets are stated in the Balance Sheet at estimated realizable values.

The estimated realizable value of notes receivable has been carefully determined in the light of current conditions. However, because of the uncertainties arising from the liquidation of the receivables, the actual amount realized may be greater or less than the estimated value recorded in the accounts (Note 2 to the financial statements).

Subject to the comments in the preceding paragraph, in our opinion the Balance Sheet presents fairly the financial position of the company as at December 31, 1966.

We have reviewed the adjustment made by the Receiver and Manager during the year ended December 31, 1966 relating to the assets as at June 17, 1965, as set out in the Statement of Deficit as at that date, and consider it necessary in order to state the notes receivable at their estimated realizable value at December 31, 1966.

In our opinion the Statement of Loss for the year ended December 31, 1966 presents fairly the income and expenses arising during the year while the operations of the company were under the control of the Receiver and Manager of the parent company, and the Statement of Deficit for the period from June 18, 1965 to December 31, 1966 presents fairly the cumulative results of operations during that period.

AUDITORS' REPORT

Montreal Trust Company,  
Receiver and Manager  
of Atlantic Acceptance Corporation Limited:

We have examined the Balance Sheet of Atlantic Acceptance (Toronto) Limited (a wholly-owned subsidiary of Atlantic Acceptance Corporation Limited - In Receivership) as at December 31, 1966, the Statement of Deficit as at June 17, 1965 as adjusted to December 31, 1966, the Statement of Deficit for the period from June 18 to December 31, 1966 and the Statement of Loss for the year ended December 31, 1966. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

A provision of \$235,000 has been made as an estimated allowance for possible loss on the collection of the mortgages receivable. This allowance may be greater or less than the amount which might ultimately be required to provide for the losses from bad debts (Note 2 to the financial statements).

Subject to the comments in the preceding paragraph, in our opinion the accompanying Balance Sheet presents fairly the financial position of the company as at December 31, 1966.

- (2) In conformity with the method generally used by finance companies the company has revised its formula for calculating deferred income. Now, after deducting 20% of the income from a contract to cover acquisition cost, the balance of the income is deferred under the "sum-of-the-digits" method based on the average life of a contract over a 6 month period. The 1965 comparative statement has been restated in accordance with this revised method.

In the past, sales contracts received in the company's office subsequent to December 31 were processed as business of the following year. Commencing with the current year all contracts dated 1966 are included in the financial statement of that year. The current year also includes sales contracts dated December, 1965 totalling \$174,633. If these sales had been included in the previous year's statement, the 1965 earned income would have increased by \$3,525 and correspondingly the 1966 earned income would have decreased \$3,525.

- (3) Under long-term leases in effect to October 31, 1973 at 43 Eglinton Avenue East, the company is obligated to pay annual rentals aggregating \$33,823 for the 9th floor space and aggregating \$12,351 for the 10th floor space. Under a long term lease in effect to October 30, 1973 the 10th floor space has been sublet at an annual rental of \$12,777.

## The Shareholders

### Lucayan Beach Hotel and Development Limited

We have examined the accompanying consolidated balance sheet of Lucayan Beach Hotel and Development Limited as at 30th September, 1966 and the related consolidated profit and loss account for the period from 1st January, 1966 to 30th September, 1966.

### ACCOUNTING RECORDS AND SCOPE OF EXAMINATION

We have maintained the accounting records of the Company and its subsidiaries for the period under review. We have also carried out such verification procedures and examined such other supporting evidence as we considered necessary in the circumstances.

### BALANCE SHEET

The group has never maintained detailed plant and equipment registers of the various fixed assets. As a consequence, it has not been possible to satisfy ourselves as to the existence of certain of the fixtures and equipment. It may be that assets have been retired or lost and the corresponding asset values remain in the accounts.

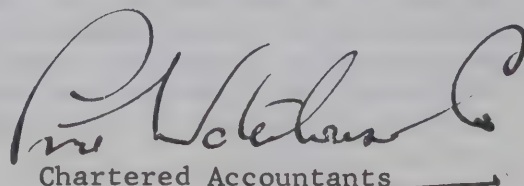

Certain freehold land is included at Directors' valuation in the amount of \$2,500,000. The valuation was ratified by shareholders at a meeting held on 14th June, 1965. This amount has been credited to Capital Reserve and utilised to write off the hotel operating losses arising before 28th February, 1965, and to partly re-capitalise the Company, in January, 1965. As the land has not been professionally and independently appraised, we are unable to satisfy ourselves as to the value placed thereon and resulting from this the substantiation for those accounting entries affecting the Capital Reserve, Share Capital and Profit and Loss Account.

The Bell Channel Villas and Lucayan Marina and Apartments were purchased at an aggregate cost of \$6,009,874, from Daylite of Grand Bahama Company Limited, a company now in receivership. Daylite had borrowed large sums of money which came indirectly from Atlantic Acceptance Corporation Limited which is also in receivership. The Company issued 1,250,000 of its ordinary shares on 18th January, 1965 for an aggregate cash consideration of \$3,500,000 and immediately paid this money to Daylite in partial settlement of the purchase price of one of the properties mentioned. We understand from information recently disclosed to a Royal Commission in the Province of Ontario, Canada, that it now appears that the Company and Daylite may not have been dealing at arms length, and there is, therefore, a possibility that the purchase price of the Bell Channel Villas and the Lucayan Marina and Apartments may be greater or less than the price that would have been paid under competitive conditions.

We have been unable to obtain sufficient information to satisfy ourselves as to the transactions leading to the recording in the books of the Company of credits received from Daylite of Grand Bahama Company Limited in the amount of \$200,000 as settlement for the Company agreeing not to participate in a construction venture and \$250,000 towards settling the Company's liability under a contract for the purchase of a building. The former amount was credited to the Capital Reserve Account and the latter amount was credited to the cost of fixed assets.

#### CONCLUSION

In our opinion, subject to the insufficiency of certain accounting records and information and that we have not been able to satisfy ourselves as to the existence, cost or carrying value of certain fixed assets, and resulting from the latter the possible effect that such valuation may have on the validity of accounting entries affecting the Capital Reserve, Share Capital and Profit and Loss Account, the accompanying consolidated balance sheet and consolidated profit and loss account present fairly the financial position of Lucayan Beach Hotel and Development Limited at 30th September, 1966, and the results of its operations for the period ended on that date, in accordance with generally accepted accounting principles.
